A Note From The Assistant Superintendent

Dear Enrico Fermi High School Graduates – June 2012

Ladies and Gentlemen,

Your commencement ceremony provides our community with an opportunity to honor you and your high school achievement. This honor does not come without an obligation on the part of each graduate to fully understand the special abilities and intelligence that each of you possesses.

When you acknowledge and develop these gifts, you attain the wisdom that your education never ends and thus your desire to further develop your capabilities, character and values, deepens.

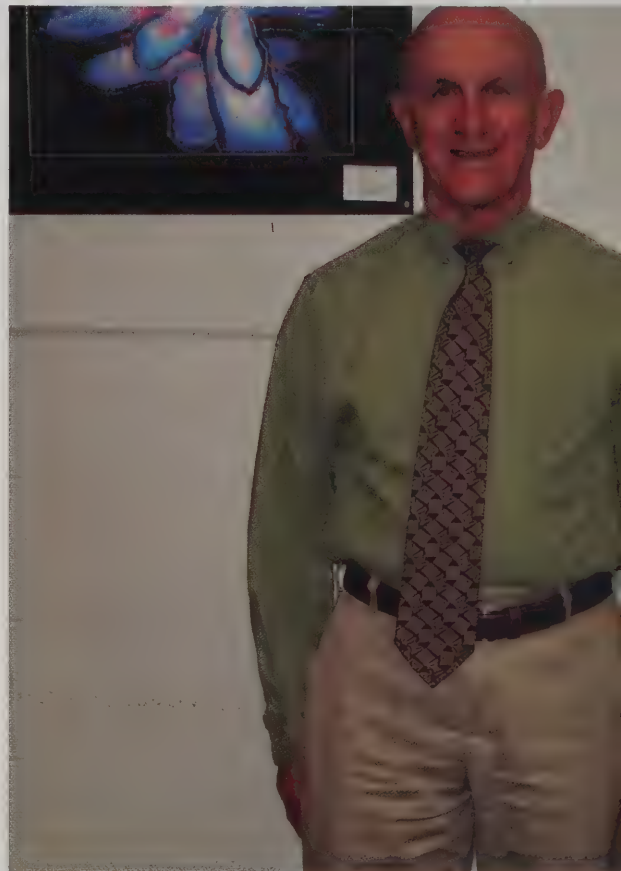

As you continue your journey of living, learning and evolving, pause occasionally to reaffirm your bearings. Chart your course straight and true with confidence in your special gifts and talents.

I am confident that you will continue to grow in your strength and willingness to serve not only yourself, but more importantly, others. It is when life presents us with the most difficult trials and challenges that we have the opportunity to define ourselves and determine what we believe. Remember that the core of our purpose in the words of Congressman Everett M. Dickson "... is to improve and strengthen the character of the individual man, to expand the belief that wise and good men will act well and wisely, that principles rather than programs will unite men in common causes for good, that personal righteousness and personal responsibility can alone bring light, and that the light of understanding will translate man's conviction into action for the good of all mankind."

I encourage you to participate in the excitement of continuous learning and to apply that learning to improve our world condition and to lighten the yoke that burdens all people from time to time.

Congratulations, and best wishes for a full and happy life.

Farewell,
Anthony A. Torre

A Note from the Superintendent

Dear Members of the Class of 2012:

Thank you for inviting me to write a message for your yearbook. Like you I, too, will be starting a new chapter in my life upon retiring after twenty years service as the Superintendent of Schools. Many of you I met at the Kindergarten enrollments in 1999. Others joined our school community over the following thirteen years. The time has gone quickly and I hope you took advantages of the opportunities offered at Enrico Fermi High School.

As I reflect on my time in Enfield I continually come back to the quality of the people who make up our school community. This would include your friends, family members, community members, teachers, administrators, and staff members. You have been fortunate to have the support of people who truly care for you. I hope you

formed friendships at EFHS that will last a life time.

As you go through life others will look to you for encouragement and support. We know you will be there for them.

The school community is very proud of you for your achievements. You are commended for your hard work and efforts. We hope we have prepared you for the future and wish you success. Be a life-long learner and be kind to one another.

Best Wishes,

John Gallacher, Ph.D.

What did you do last summer?

Students here at Fermi High School definitely enjoy our summers! From different camps, to just hanging out with friends, our summers are made to remember.

Administration

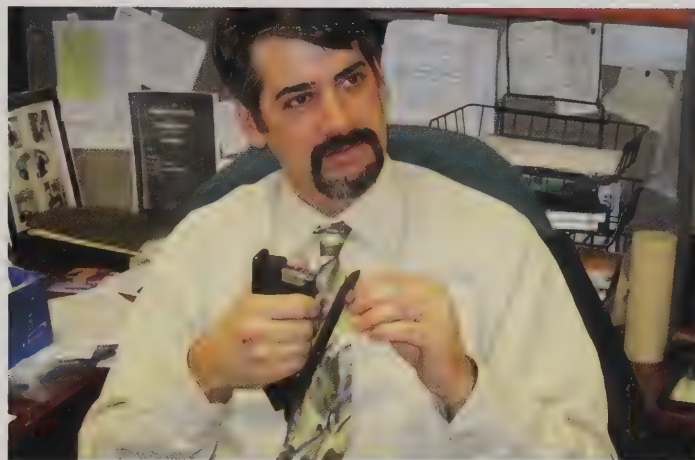

To the Class of 2012:

My friends, it seems like only yesterday that we were welcoming you to Enrico Fermi High School. I cannot believe that it is now time to say good-bye. I can still remember meeting you during Freshman Orientation and later at the class assembly during the first week of school. As I looked around the auditorium I saw such a wide scope of expressions on your faces. Some of you looked completely confused, some were all smiles and pretended to be “all settled in”, others had an “all business” look on their faces perhaps to mask some of the fears that they had down deep inside, and yes, some of you looked as if being anywhere else was better than being in the Enrico Fermi Auditorium. I admit that I was nervous to meet you. I always am whenever I get up to speak in front of our students. I wanted to be able to get to know each of you and I remember asking you to allow the adults at Fermi to develop a relationship with you over the next 4 years. I am so thankful that most of you have taken advantage of that invitation. I know that I have enjoyed the diverse and varied relationships that I have developed with so many of you in the Class of 2012. I know that our teachers and staff members share those same feelings as a result of the relationships that you have allowed them to create with you. You, as a class, have made significant contributions to the positive climate and culture of our school. You have thrilled us with your performances in academics, theatre, arts, and sports. You have done much to make us proud. Your collective contributions are now your legacy. It is what defines the Class of 2012 as a group. It is a legacy full of pride, spirit, and accomplishment. It is a legacy that we all will remember for years to come.

Now that it is time for you to leave us, we hope that you will always reflect upon your four years here, your legacy, with a sense of pride. It is my sincere hope that the collection of educational and social experiences that you have had will serve you well in your life after Fermi. Most important, remember that you will always be part of our Enrico Fermi High School family and you will always have a welcome spot both in our halls and our hearts. I wish the very best to each and every one of you.

Sincerely,
Paul K. Newton

Dear Class of 2012,

Thank you for providing me with many great memories over the past four years. From our first Freshman Orientation together to our most recent senior activities, you've always displayed a sense of pride, respect, and excellence. I have enjoyed watching you excel at your sporting events, talent shows, band and music concerts, and academic endeavors.

Of equal importance, I would also like to thank you for giving me the "crown jewel" of my personal coaching career. Our overwhelming victory over the class of 2011 in the annual Powder Puff Football game was truly an accomplishment I will never forget. The Green Bay Packers have nothing on us.

All kidding aside, you're a great group of young adults and I fully expect to hear about all of your amazing accomplishments in the years to come.

Take care and congratulations,
Mr. Coccia

A Note from the Senior Class President

Dear Class of 2012,

We've all experienced a lot in our lives so far and this is just the beginning! Some of us have fear to move forward and embrace the future while others await it with much enthusiasm. Life is full of mystery and plans but in the end it comes down to all the dreams that you chased, all the mistakes you've made, and all the decisions you pursued. It becomes not about what plans you created but about what journey those plans took you on. If there's one piece of advice I could give it's that no matter what road in life you decide to choose if you stand strong and keep moving forward with a smile on your face, you will never fail. We will never forget the friends we've had and the work we've done to get to this tremendous point in our lives. We've all earned this so appreciate every moment of it and always remember the memories that have grown in your hearts for the past four years. I wish everyone the best of luck in the future. Congratulations, my friends!

Fall

Homecoming Weekend

Homecoming weekend is always jam-packed. Fermi Fest, the football game, and then a night of dancing, it is always a weekend of excitement.

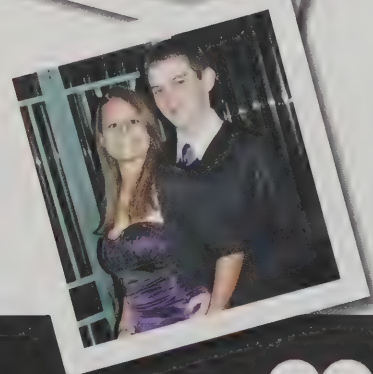

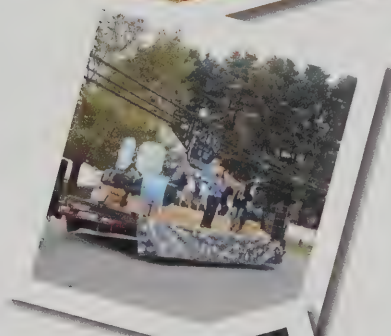

Just like every other year, each class made a class float to be shown in the parade and then to be judged during the game. This year, SENIORS WON!!

Fermi Fest takes place the night before the dance and our students always have a blast!

The homecoming game itself is always quite interesting. Whether we win or lose, students always gather to cheer on our team as best we can.

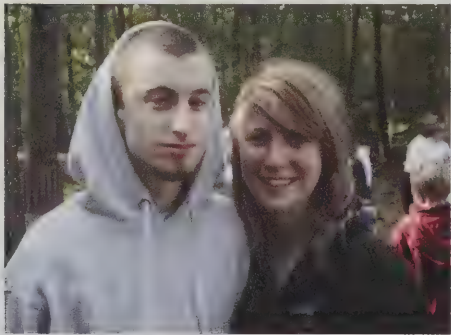

After the parade and cheering through the game, students get all dressed up and head back to the Fermi Gym for the Homecoming Dance. The dance really makes the night one to remember.

Out of the Darkness

This year, students here at Fermi gathered once again for the Out of the Darkness Walk. This is a suicide prevention walk and definitely a walk close to our students hearts.

Rays of Hope

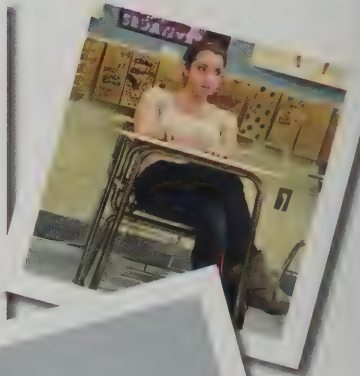

Fermi students participated in Rays of Hope, a walk for breast cancer. The event took place on October 23rd in Energy Park. Everyone had a lot of fun and it was a great way to raise money and show our support for those with cancer!

Names Program

The Names Can Really Hurt Us Program is held every year for the sophomore class. The program focuses around stopping bullying in schools as quickly and effectively as possible, and it is always a day filled with emotion.

Lamplighters

Fermi's Lamplighters put on a wonderful Fall show of "Headin' For the Hills." Audiences were captivated by the love story, and they enjoyed the play put on by Fermi's best.

The cast spent many hours rehearsing for the play, and their hard work surely paid off!

Fall Sports

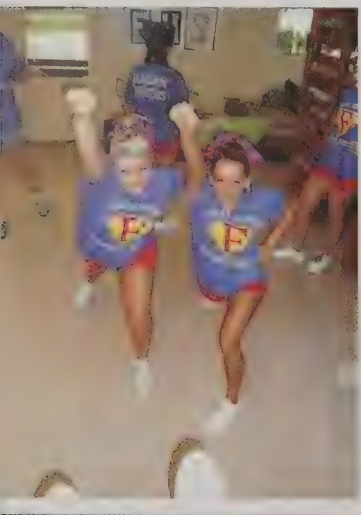

"Somewhere behind the athlete you've become and the hours of practice and the coaches who have pushed you is a little [kid] who fell in love with the game and never looked back... play for [him]."

-Mia Hamm

Our Cheerleaders had a great fall season this year. They had amazing cheers at every game, even through the intense cold. They are seen at the left practicing a routine.

Cheerleading

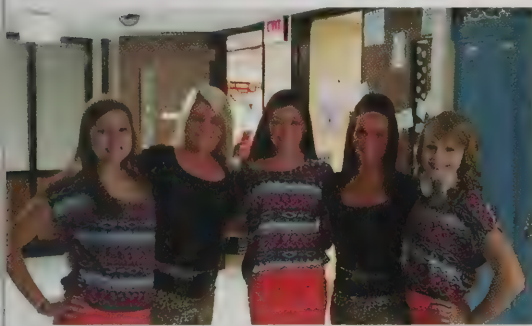

To all the girls who remained dedicated to being a fermi varsity cheerleader. Thank you for giving us this great opportunity of being your captains to such hard working girls. Through thick and thin we could always count on you guys. We will never forget the times at cheer camp, games, and just spending time together. The memories that have been made this season are unforgettable. We loved getting to know all of you and being able to grow as a family.

Love your captains, Sarah and Danielle

Our cheerleaders are a team bursting with Falcon Pride. They are always smiling and ready to cheer on any team they can. They have, and continue to, make us very proud here at Fermi.

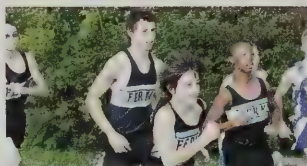

The cheerleaders are seen above marching in a parade and getting everybody pumped up for the games to come.

Boys' Team: Stephen Rabida-Smith, Manny Colon, Joe Petrone, Tim Pisano, Andrew Baker, Garrett Choiniere, Jacob Ekenbarger, Justin Lipscomb, Quinn Gaston, and Dan Salisbury.

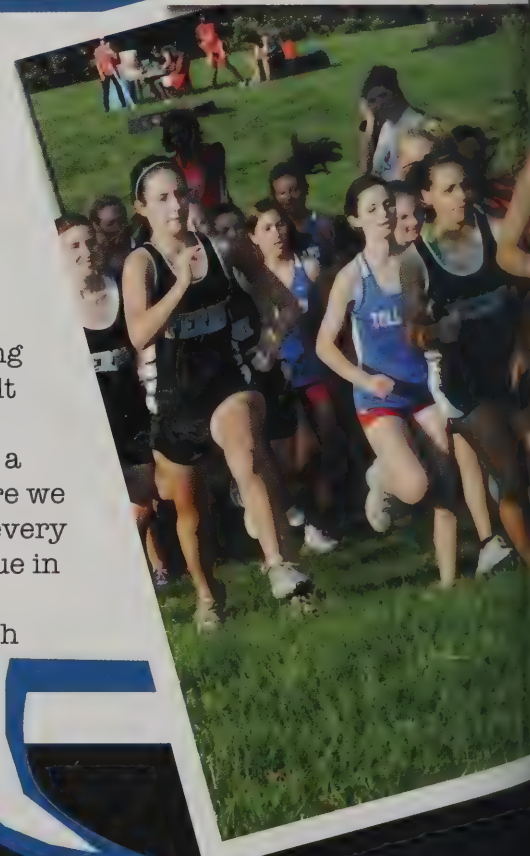

Cross Country

First, let us start off by saying we are absolutely proud of our team! We became a closer family and were so happy to get to know our new members. This year has definitely been an amazing experience and we had never had this much fun in all of our four years. Each team member was there for each other through thick and thin and everything in between, whether it's cheering from the sidelines or helping one another in need. We have a great group of amazing kids with such great spirits, talent, potential, and who are full of life, and we seniors couldn't imagine doing anything without them. We developed such a strong bond with each other and it is going to be extremely hard for us to leave this year. It is going to be difficult to leave our one and only Coach Sully as well, who has been there to support and push us to our true potential. Even though he's CRAZY, a jokester, and pretends to beat you up, he is always there to make sure we don't get injured and have fun. To wrap it up, we are truly proud of every single one of you guys and hope you are successful in what you pursue in life. We love you all!

Sincerely, your Captains: Sam Bombardier and Stephen Rabida-Smith

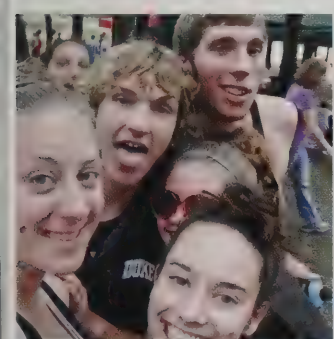

The boys and girls Cross Country teams ran their hearts out this season, led by their captains, Sam Bombardier and Stephen Rabida-Smith. Through their ups and downs, the teams stuck together, and the seniors will be missed.

Football

This season, going by record was a letdown guys, but you can't let it stop you from loving the sport of football. This is because record is not everything, it is about coming together and just having a good time no matter how bad things get. That's a major thing that we lacked this year, unity. As a team, all of us need to learn how to work together better, and act as teammates. In reality, it can't get worse next year. Everything that could go wrong went wrong this year. Learn from this year, get rid of all the negativity and just go have fun. That's what football is really about, having fun and making memories. As Captains, and seniors, we walk away with memories we will never forget. As the class leaving, we will take this year as a learning experience in life to never give up, because we saw the result of it. For the guys returning next year, don't give up. Coach dedicates endless hours to this program, and gives us his all. You need to do that in return this off season and next year, and we promise there will be a very different outcome. Lastly, to everyone, you guys were a part of the Fermi Football family, and it is something that you will never forget. Good luck next year, and good luck to the seniors leaving.

Marching Falcons

Our Marching Falcons had a great season this year. They came in first at their first competition and close seconds for everything else. Though they came in second at their championship competition, they were given the awards of Best Percussion and Best Colorguard.

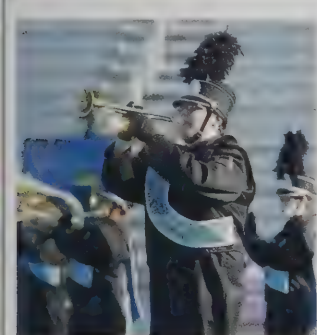

Though camp is tough, our band members always make time for fun and know it'll all be worth it in the end.

The Colorguard girls are seen here bundling up for one of the coldest games of the season!

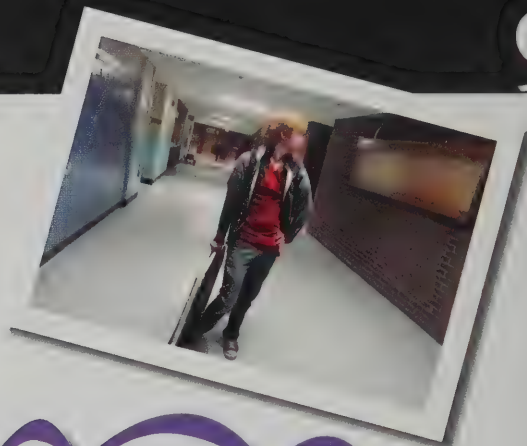

The marching season is definitely a crazy one. From Band Camp, to football games, to competetions and parades, our band does it all.

We didn't have the great record that we were hoping for, but we still had a great season. The three wins we earned came in the last three games of the season and there is no better way to end your Senior season than winning close, exciting games. We wish we could stick around and have another whole season with everyone. Good luck next year to all the Freshmen, Sophomores, and Juniors on the team. Girls' Basketball

I want to start off by thanking the girls and coaches for a great season. This season I think that we all learned a very valuable lesson. We may not have been the best team, but no matter the score we were all in it together. On the court, winning or losing, it was encouraging to know that there were four other girls that felt the same way, and the only way to make it better was to work as a team. Through thick and thin, this year we learned and understood the true definition of a team. Next year, through the struggles, I want you girls to remember to be a team and to always pick each other up. Like Sweeney always says, "At the end of the day, all you have is your teammates," and he is absolutely right. Good luck to the seniors in their future endeavors and to the team next year.

This Indoor Season was absolutely incredible! Every individual brought something special to the team. Together we formed not only an impeccable team, but a family. In all of our track years we have never seen a closer group than what we had this year. No matter what the situation was someone was always there to help each other out. It is truly inspiring to take part in a team like that. We hope this comradery continues as we leave Fermi, and we also hope that everyone works just as hard next season as they did this one. Our togetherness just shows how anything is possible for a group of people who believe in each other. We will miss each and every one of you dearly, and hope that we stay in touch. Remember, One Team One Dream.

Dear Fermi,
Working with the wrestlers and coaches this past season has been nothing short of an awesome experience. Not only have we had some quality fun while on the team, we also have learned great work ethic and a sense of accomplishment. Words can't express how proud we are of the wrestlers for how hard they've worked even when the going got tough. ANYONE who can grind through those three months of pain and sacrifice has great character and self-drive. As far as wrestling and mental stability goes, we cannot thank our coaches enough for sticking with us through the thick and thin. No

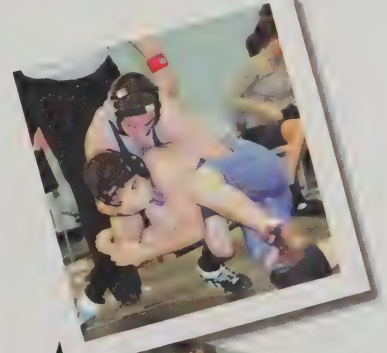

matter what problems arose they were always there to pick us back up and get back

on the saddle. No doubt have we learned a life lesson from leading the team and will always miss it. Great job Fermi, you can do anything you set your mind to.

Sincerely,

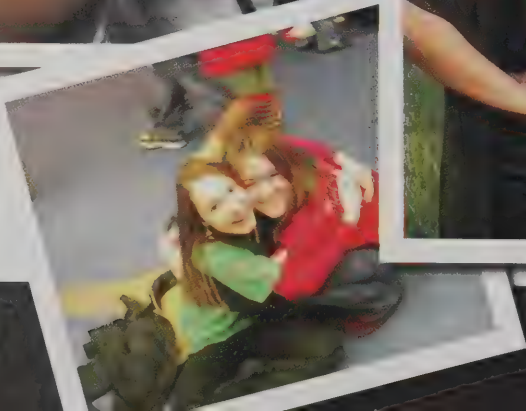

Your fellow captains:

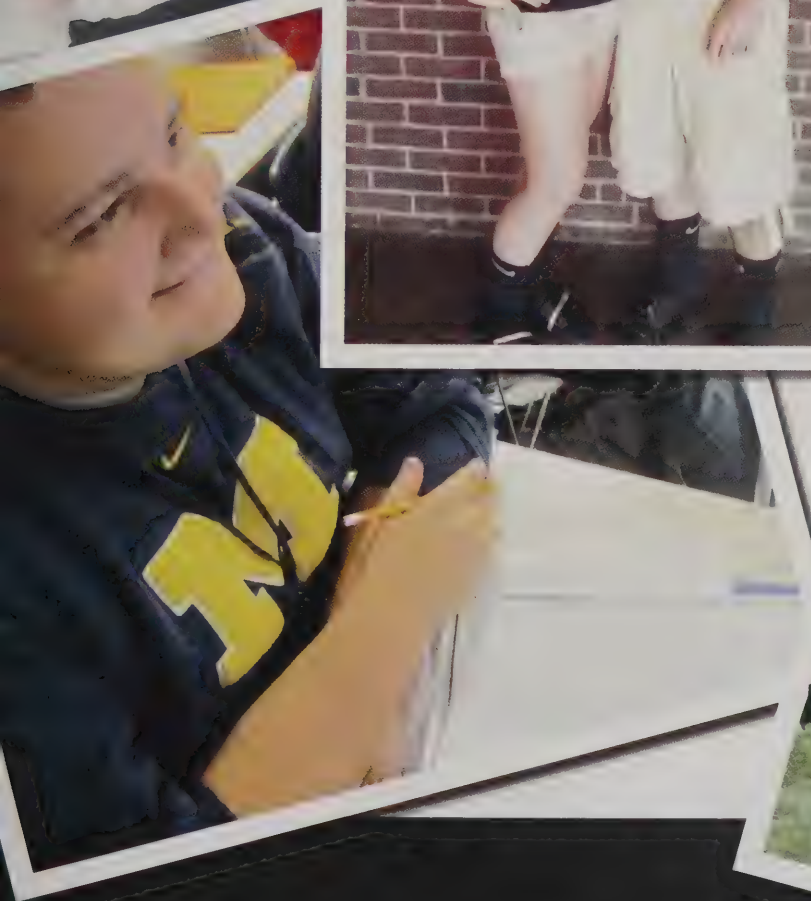

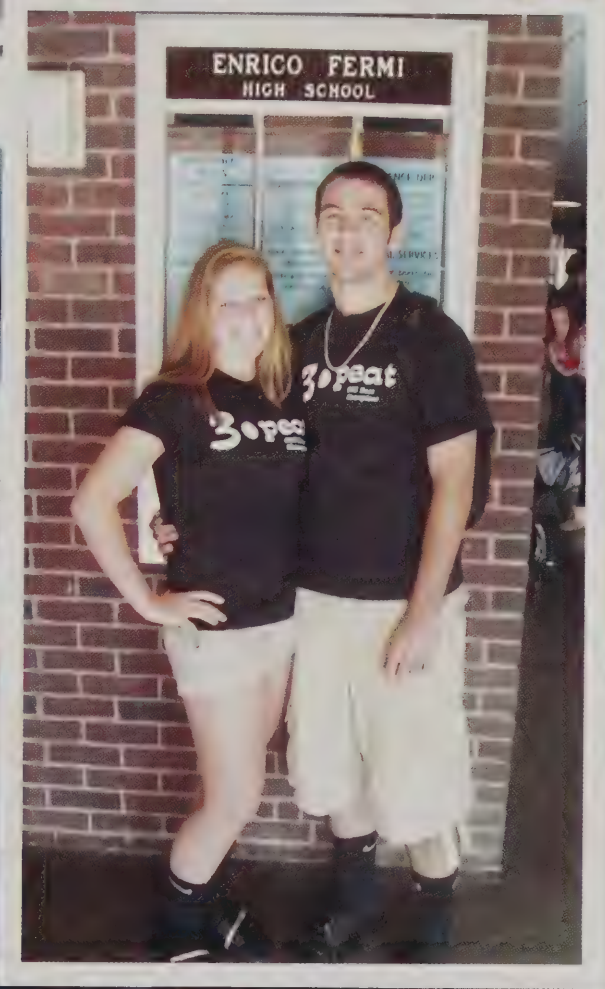

John Lambert and Dylan Robbins

Let's Talk About . . . Junior Prom 2011

Prom is always the highlight of the year for many students here at Fermi. Junior Prom 2011 took place on March 18 of last year and, though it was quite cold, everybody had a great night.

Between getting ready, arriving, eating, and dancing, Junior Prom 2011 was definitely made a night to remember.

Students are shown to the right dancing and enjoying the night with friends.

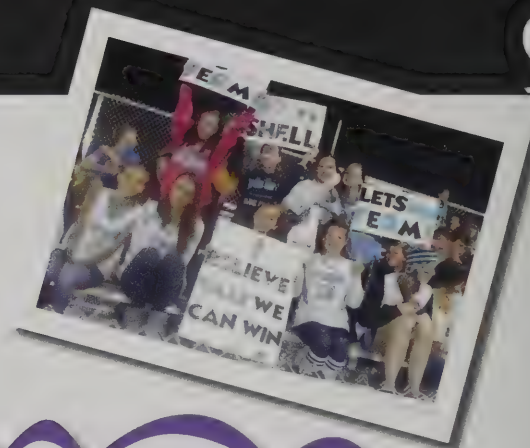

Students are shown to the left posing for a group photo with close friends.

Whether students went as a couple or just with friends, the events of the night were fun for everyone.

Letter from the Editors

We have had a lot of fun this year creating this yearbook. From getting up at 5 a.m to finish deadlines to making sure every last picture, word, and even letter was perfect, we could not be any happier with the way this yearbook turned out. We hope you all enjoy it as much as we have and, to the Class of 2012, we hope this captures all of the memories that are close to your heart and that you will cherish them forever. We wish you luck in all of your future endeavors!

Sincerely,
Dakota McCauley and Liav Lor

Thank You!

There are many people we would like to thank including:

Our advisors: Mrs. Joeckel and Mrs. O'Rourke

Our Computer Team: Becky Turner, Shelbi Dixon, Amanda Stroiney,
Coutney Ryder, and Colleen Landry.

All of the sports teams for providing us with records and captain letters,
the rest of our dedicated yearbook staff, and everyone who sent in any
pictures or gave us many of the great ideas that are incorporated into
this yearbook. You are the people that have made this yearbook possible
and we cannot thank you enough.

Thank you all!

Congrats T.

We are so
proud of you!
We love you
so much.
